

00:00.000 --> 00:02.559

How does PayMe for Business point-of-sale terminal

00:02.559 --> 00:06.840

work with my existing electronic cash register system

00:06.840 --> 00:10.279

PayMe for Business point-of-sale terminal gives you the option

00:10.279 --> 00:13.279

to directly connect with your existing electronic cash register system

00:13.279 --> 00:17.440

This saves your staff operating the payment terminal time

00:17.440 --> 00:20.760

and minimizes potential input errors

00:21.280 --> 00:25.040

Simply input the payment amount into the cash register

00:25.479 --> 00:27.920

The PayCode corresponding to this payment

00:27.920 --> 00:30.760

will be generated in the PayMe for Business point-of-sale terminal

00:30.760 --> 00:34.279

Ask your customer to open their PayMe app to scan the PayCode

00:34.720 --> 00:36.560

Payment received

00:-01.000 --> 00:-01.000
